*25 Years of **Independent Practice** as Healthcare Providers for the People of Maine*

Legislative Committee Meeting

April 6, 2021

Attendees: Kathy Forti-Gallant, Colin McCabe, Pam Cahill, Connie Jordan, Ellen Farnsworth, Valerie Fuller, Shelby Stiles, Nancy Browne

Excused: Sandra Hayes, Lorraine Reiser, Kristen Culmo,

The meeting was called to order by Colin....

Please see below for all descriptions of each LD. Summary of discussion follows here:

1. LD295: Pam reported on MNPA bill. After Work session, concern that there would be pressure to compromise, offer for collaborative practice amendment. After discussion with Leg Committee, Pam requested vote "ought not to pass". Plan to reintroduce in 131<sup>st</sup> legislature in 2 years. Connie discussed that as we prepare for reintroduction in 2 years that we strategize on how to address the feelings that were brought forth in opposition, particularly by nurse practitioners. Perhaps more education about what the bill really means for new NP graduates; ? education and open discussion at MNPA conferences. Are there other ways that MNPA can support new NP graduates?

<p><a href="#">An Act To Provide Women Access to Affordable Postpartum Care</a> </p> <p>This bill extends from 60 days to 12 months the period of time following delivery of a baby that a woman may be eligible for services under MaineCare. The bill directs the Department of Health and Human Services to submit a waiver or state plan amendment request no later than January 1, 2022 to the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services to implement the provisions of this legislation that extend MaineCare coverage to a woman following delivery of a baby from 60 days to 12 months. The department is required to take all reasonable and necessary steps to seek approval of the waiver or state plan amendment. In the event the waiver or state plan amendment is not granted, the department is directed to implement the coverage provisions using federal funds, if allowable, and then using the General Fund. The department is directed to adopt rules no later than 180 days after receiving a decision from the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services to approve or deny the waiver or state plan amendment. The department is required to report on a quarterly basis beginning April 1, 2022 to the joint standing committee of the Legislature having jurisdiction over health and human services matters its progress in seeking a waiver or state plan amendment until the process is complete. The committee is authorized to report out legislation related to each report.</p>	<p><b>Status:</b> Pending Final Legislative Action  <b>Committee:</b> Health And Human Services  <b>Hearing:</b> Wednesday, February 24, 2021, 1:00 PM  <b>Work Session:</b> None Yet</p>

Part A of the bill does the following. 1. It reduces the timing of when updates of price information must be posted on the Maine Health Data Organization's website from twice annually to once annually and also repeals the provisions requiring annual reports related to the 15 most common outpatient procedures and to the 10 services and procedures most often provided by physicians in a private office setting. 2. It authorizes the Maine Health Data Organization to adopt rules related to the reporting to the organization of data from the statewide cancer-incidence registry and data related to vital statistics. 3. It establishes the Maine Health Data Organization Health Information Advisory Committee to make recommendations to the organization regarding public reporting of health care trends developed from data reported to the organization. Part B of the bill directs the Maine Health Data Organization to develop and maintain a multipayer provider database and service locator tool in conjunction with the Department of Health and Human Services.

This bill requires health carriers to meet certain targets for investment and spending in primary care and behavioral health care beginning in plan year 2023 and through plan year 2026. Overall spending may not increase to meet the targets. The bill establishes a benchmark for combined spending in primary care and behavioral health care as a percentage of overall health		

<p>spending. The benchmark is indexed to the median amount spent by carriers on primary care and behavioral health care for plan year 2019. The bill requires carriers to increase relative spending in these areas by at least 2% per year if spending is less than or equal to the median and at least 1% per year if spending is above the median. Beginning in plan year 2027, carriers are required to maintain, at a minimum, the total combined spending on primary care and behavioral health care achieved in plan year 2026. The bill prohibits the Superintendent of Insurance from approving health insurance rates filed by a carrier unless the carrier demonstrates that the targets have been met.</p> <p>The bill also authorizes a carrier to meet the spending targets by supplemental payments focused on primary care and behavioral health care.</p> <p>The bill also requires the MaineCare program and the state employee health plan to meet the same targets beginning in 2023.</p>	<p><b>Work Session:</b> None Yet</p>
